**The holidays are fast approaching. We recognize it is an important time to reconnect with family and friends near and far. But please keep in mind the cost to your children's education if they miss school too much- and the message you will be sending about the importance of attendance. Even if you've got a homework packet from the teacher, it doesn't make up for the interaction and learning that happens in the classroom. Our teachers will be teaching, and our students will be learning, right up until vacation begins. You can help us convey the importance of attendance.**
